While every reasonable effort is made to ensure the accuracy of descriptions and content, we should make you aware of the following guidance or limitations.

Once the Landlord has agreed to accept your application (subject to references and contract) we will ask for a holding deposit equating to one week's rent.

Upon successfully passing the referencing stage of the application, the holding deposit paid will count towards the total balance of rent and deposit owed before the tenancy start date. You risk losing your holding deposit in the event that;

\* Decide not to rent the property

- \* Misled the landlord or the agent
- \* Fail a right to rent or immigration check
- . Fail the referencing checks

The agent/landlord has to write to you within 7 days explaining why they are keeping the holding deposit.

We expect that all checks, payments and signatures are completed within 15 days from the date that you have paid your holding deposit. As all signatures are completed online, we feel that this timescale is fair and reasonable.

Paying your holding deposit does not secure the property at this stage - it essentially shows that you are serious and that you are going to the next stage of the application, which is the formal reference checks. You have 15 days from when you pay a holding deposit to enter into a tenancy agreement. This is called the deadline for the agreement.

It is essential that you provide all information as quickly as you can and pay all monies as they become due. As an example, a tenancy with 2 adults and 2 guarantors will require 4 people to be reference-checked, and then subsequently sign the tenancy agreement one after the other, one person failing to do their bit on time holds the entire process up and puts everyone else's holding deposit at risk.

We would urge you to contact us at your earliest convenience if there is anything concerning you or if you have questions.

DISCLAIMER: Please ensure you seek your own financial advice (such as council tax) when renting
